AH is in the process of arranging contract meetings between Wallingford Town Council and ODS to progress this.

AH awaits a further tender return relating to the bid request and will report back on this once received.

Once the initial cut and associated is completed and reviewed for quality, performance and Best Value. Wallingford Town Council may then wish to consider a further invitation to ODS to discuss and tender for Vegetation Management across the Estate based on performance relating to The Verges contract, all being subject to a site specific Vegetation Management specification being drafted and issued.
